We have for years borne with Christian fortitude the jeers and jokes of H. DULLEY of the Flemingburg Times-Democrat in regard to some very unpleasant scenes enacted here on Court and other days, but we have not waited in vain, since DULLEY has witnessed in his own Prohibition town bacchanalian orgies such as would put old whisky Carlisle to shame. We are told by reliable gentlemen that on Monday last—County Court Day—Flemingburg was on a regular old-fashioned, staggering, fighting, snoring drunk, and when the sober ones awoke, found to their cost that they had been the victims of a very unpleasant scene. "Thank God, I'm out of that crowd!" How about this, Mr. DULLEY—Carlisle Mercury.

Well, Brother KELLER, don't you know that some people are everlastingly noting around for the goat that is in their neighbor's back yard, while they can't see an elephant standing in their own front door?

The LEDGER recently called Brother DULLEY's attention to the fact that he had, year after year, persistently denounced the Management of the Mayville Fair for permitting games and liquor-selling on their grounds, while coochee-coochee dancing by girls in their birthday suits was permitted at the Ewing Fair—which was held in Mr. DULLEY's neighboring town and which he attended—and it evoked only the mildest "suggestions" from him as to the future conduct of affairs.

Don't forget that Ray's Rainbow Paint is guaranteed at Postoffice Drugstore.

A LEADER OF MEN.
Washington Star.
"That man is a great political leader," said Mr. Crompton's neighbor.
"Well," was the answer, "he isn't exactly what I call a leader. But he certainly has a great knack of finding out which way the procession is going and then getting out in front of the bolero. 'Come on, fellows!'"

Three Doctors in Consultation.
"When you are sick what you like best is to be chosen for a minister in the first place; what experience tells you is best to be chosen in the second place; what reason is, if theory is a best to be chosen in the last place. But you can get Dr. Inclinor, Dr. Experience and Dr. Reason to hold a consultation together, they will give you the best advice that can be taken."—From Benjamin Franklin.

When you have a bad cold Dr. Inclinor would recommend Chamberlain's Cough Remedy, because it is pleasant and safe to take. Dr. Experience would recommend it, because it never fails to effect a speedy and permanent cure. Dr. Reason would recommend it, because it is prepared on scientific principles, and acts on Nature's plan in relieving the lungs, opening the secretions and restoring the system to a natural and healthy condition. A BIG SENSATION.

Warrants Issued for the Arrest of Senator M. S. Quay, His Son and Others.

THE QUAYS SURRENDER THEMSELVES.

Accused of Conspiring With Cashier Hopkins to Use Public Money for Their Own Use.

Ex-State Treasurer Haywood and Charles H. McKee, Law Partner of Lieut. Gen. Lyon, Have Not Yet Been Arrested—Friends Say It is a Conspiracy.

PHILADELPHIA, Oct. 4.—Warrants were issued Monday for the arrest of United States Senator Matthew Quay, his son Richard R. Quay, ex-State Treasurer Benj. J. Haywood and Chas. H. McKee, of Pittsburgh, law partner of Lieut. Gen. Lyon. They are accused of conspiracy with John S. Hopkins, formerly cashier of the Peoples' bank, to use public money for their own use. Hopkins killed himself last March, shortly before the bank's failure.

Senator Quay and his son came up from Atlantic City as soon as they

"Senator Quay and his son Richard both had their personal notes mounted at the bank, the last of which counted after the bank had closed its doors. These notes were all promptly paid when due, and neither Mr. Quay or his son is indebted to the bank one dollar that I know of. My feelings toward Mr. Quay and the other men are of the most friendly character. Mr. Quay and I had no differences in days gone by, but they were patched up long ago."

The news struck political circles of all shades of faith like a thunderbolt, and a variety of explanations were given and discussed throughout the day. Secretary of the Commonwealth David Martin said he knew nothing beyond the newspaper statements. The affair acquires additional significance from the fact that it comes in the midst of one of the most bitter campaigns ever fought between Quay and his opponents, involving the question of his re-election to the senate.

IT'S BEING ENGINEERED IN CLEVELAND.

An Attempt to Unite All Warship-Building, Armor Plate and Gun-Making Interests in One Syndicate.

Their Plan is to Secure a Canal From the Great Lakes to the Sea—Yards for Building Ships Could Then Be Located on the Lakes.

CLEVELAND, O., Oct. 4.—An evening paper says: One of the most gigantic projects for the combination of capital is being engineered in this city.

It is nothing less than an attempt to unite the warship-building interests and the armor plate and gun-making interests of the world into one great syndicate, whose factories shall be located near Cleveland. Men of international reputation in the financial and manufacturing world are in the deal.

All summer foreigners of wealth and rank have been quietly visiting Cleve-

BRUNSWICK, GA., FLOODED.

One Thousand Houses and Stores Damaged—The Property Loss Will Foot Up Half a Million Dollars.

SAVANNAH, Ga., Oct. 4.—The Morning News correspondent at Brunswick, Ga., has filed the following bulletin at Savannah: Brunswick and its vicinity flooded and inundated; a thousand houses and stores damaged; one-half million dollars property loss and list of dead, now small, is increasing. Three thousand people sought refuge from rising waters and 80 blocks in heart of city was under six feet of water for 12 hours. Left on special train with two operators and instruments to tap wire. Struck an opening here and believe I am the only newspaper man that got out of Brunswick with story of greatest flood since the sea island affair. Seventy miles of wrecks of property just passed through. Have left two men in Brunswick penetrating woods and islands in boats. They are instructed to leave Brunswick Monday night and come until they reach me with the story of Monday's developments.

Perhaps the woman who knows most about women convicts in English prisons is Adelaide, Duchess of Bedford. Her Grace holds special permission from the Home Secretary to visit the convict prisons in which women are incarcerated. The Duchess has been there two years, and very recently she has made of the great trust reposed in her. With her colleagues, Lady Battersea, she does everything in her power to get the prisoners upon their discharge a fresh start, under improved conditions. The Duchess has been in the prison of life, and when speaking from the platform her charming voice is curiously like that of her sister, Lady Henry Somerset.

heard of their intended arrest. They promptly surrendered themselves and Magistrate Jermoloff took them in \$5,000 bail each for a hearing at noon next Thursday. David H. Lane, the republican leader, became their bondsman, and Monday afternoon they returned to the seashore. By advice of their attorney they declined to discuss the case. They will come back to the city on Wednesday so as to be in full time for the hearing.

Mr. Haywood is in Montana and Mr. McKee in New York.

United States Senator Penrose, who was with his colleague, spoke freely after the latter's departure for Atlantic City.

"I presume Senator Quay will not make any statement at this juncture," said he, "regarding this latest attack of his malevolent enemies, though he doubtless will in the proper time. There is, however, no reason why I, as his colleague and personal friend, should be silent."

"Attempted assassination of character has been almost the sole weapon of attack employed by Senator Quay's opponents for several years, and the methods pursued have been augmented in viciousness and vindictiveness as their futility has been demonstrated. As the last despairing effort of unscrupulous conspirators comes this brutal move of the opposition, which they have had upon their programme for weeks."

The warrants were made out on Saturday by Magistrate Jermoloff at the instance of District Attorney Graham and on the affidavit of Charles F. Myers, a detective and acted on information furnished by Thomas W. Barlow, receiver of the Peoples' bank.

District Attorney Graham said that from evidence in the shape of letters and papers furnished to him he believed it his duty to begin proceedings. He added:

"I propose to have a hearing as quickly as possible and to produce at that hearing all the facts necessary to a binding case. Some facts will be reserved until the time of the trial. If the state of affairs as represented to me is true it ought to be exposed. This rottenness ought to be showed up no matter upon whom it reflects. It is not my practice to speak in advance of the trial of a case, and I will say nothing further as to its merits."

MOB WORK IN CHINA.

Foreigners, Including Americans, Are Subject to Daily Attacks—No Foreigners to Be Exterminated.

LONDON, Oct. 4.—The Peking correspondent of the Daily Chronicle telegraphing Saturday by way of Shanghai, says:

"A mob is menacing foreigners. The wife of the Italian minister was attacked Sunday while on her way to church, and several Americans coming from the railway were wounded by stones. The foreign ministers have sent a collective note to the government asking for the suppression of these outrages and the punishment of the culprits."

Yamanzu, leader of the rebellion in the Sze Chuen province, has issued a proclamation ordering the extermination of all foreigners.

Dr. Nancy Guilford Remanded.

LONDON, Oct. 4.—Nancy Guilford, the midwife of Bridgeport, Ct., or the woman suspected of being Dr. Guilford, was remanded at Bow street police court here Monday for a week after evidence had been presented proving her identity with the woman who landed at Liverpool last week from the steamer Vancouver. The initials "N. A. G." were found on articles in her possession.

Rice Crop Damaged.

CHARLESTON, S. C., Oct. 4. Sunday's hurricane and the storm of two weeks have done but small damage to property in this vicinity, but the loss to rice growers was very heavy. Even the damage done by the great storm of 1893 has been exceeded. It is variously estimated by the planters and rice brokers that the loss will be from 30 to 50 per cent.

The Schools in Manila to Resume.

The American authorities here have invited all the school teachers to resume the instruction of their classes. The schools have been closed since the surrender of Manila to the Americans.

land. Their going and coming has been kept as mysterious as possible. They have avoided hotels, fearing publicity being given their plans.

It is believed that every ship building, gun making and armor plate making firm in the United States has been in the negotiations. The projectors claim they can raise a capital of \$200,000. One of their fond dreams, which may or may not become a reality, is said to be the securing of a canal from the great lakes to the sea, all on United States territory. The yards for building war ships could then be located on the lakes.

Among the Clevelanders who are in the deal is said to be Col. Myron T. Herrick, president of the Society of Savings, and Robert W. Lee, president of the Cleveland Ship Building Co. Dr. Guilford, the famous inventor of guns, has been here in conference with other men in the deal. His new invention, the immense gun which was cast in one piece at the Otis steel works, has excited discussion in the private conferences. The foreigners who visited the city were taken to the Otis works and examined the big plant carefully.

Armstrong, the inventor of the gun which bears his name, has also been here. Andrew Carnegie is one of the chief men in the negotiations. The new combine may need his armor plate factory.

Robert Wallace is now in the west with several of the foreigners who visited Cleveland. Before he returns he will stop in San Francisco, and the proprietors of the Union Iron works, which built the famous battle ship Oregon, will be approached as to whether they will come into the deal.

Some time ago, Murray A. Verner, of Pittsburgh, a promoter who has engineered many deals for Carnegie, was in Cleveland and took up the great project with local men.

Committee on Ways and Means. CHICAGO, Oct. 4.—Hon. James K. Jones, of Arkansas, chairman of the national democratic committee, has appointed in this city, authorized Monday that the steamer Newlyn has left Santiago with a cargo of iron ore consigned to the Maryland Steel Co. of Baltimore. Foreign Fleet Assembling There—Adm. Dewey Directed to Send the Protected Cruiser Baltimore at Once.

WASHINGTON, Oct. 4.—The state department has received the following cablegram from Minister Conger at Peking: "There is no serious danger yet, but considerable anxiety for the future. The foreign fleet is assembling at Tien Tsi. Some of the ministers are ordering marines to Peking."

It was stated Monday afternoon that the gunboat Petrel, which did such work in the battle of Manila, has also been ordered to China. The Petrel can go up to the capital and take care of Minister Conger and other Americans.

NEW YORK, Oct. 3.—A special to the Herald from Washington says: Instructions have been sent by Secretary Long to Mr. Aldm. Dewey directing him to send the protected cruiser Baltimore at once to Tien-Tsin, China. This action shows conclusively the concern felt by the administration at the existing condition of affairs in the Celestial empire. It would seem to indicate that more sensational information had been received from Minister Conger than the authorities here made public.
